

Clean air solutions

CLEANSEAL - RELIABLE AND VERSATILE TERMINAL FILTER HOUSING

CleanSeal is a new state of the art filter housing solution from Camfil, especially developed for hospitals, clean rooms and Life Science facilities. Easy to install. Easy to handle and maintain. Offers you easy access and maximum safety – long lasting and robust design, fully welded, no risk of leakage. Gives you economic and environmental benefits via very low pressure drops when equipped with Camfil's premium air filters. And if we may say it ourselves: the design of the new CleanSeal is really satisfying - it will blend in nicely into your ceiling.

The new CleanSeal is part of Camfil's complete filter housing range together with PharmaSeal and CamSeal.

1 - STRONG, FULLY WELDED CONSTRUCTION

Housing is fully welded to ensure reliable tightness and bring clean air to the point.

4 - UNIVERSAL MOUNTING SYSTEM (FALSE CEILING, SUSPENDING)

Can be adapted to false ceiling or suspended or used in T-Bar grid.

AVAILABLE DIFFUSERS

AVAILABLE CONFIGURATIONS

2 - TOOLLESS FILTER CLAMPING

Filter can be clamped without any tool; no risk to damage the filter, much easier for operator.

5 - FILTER RETAINER PRE-POSITIONING SYSTEM

Filter is pre-positioned by unique retainer; no need for a third hand or a second person.

6 - AVAILABLE FOR ALL GASKET TYPES

CleanSeal versions allow customer to choose any type of gaskets DIN, PU or Camfil Gel gaskets.

3 - BUILT-IN FILTER HEIGHT ADAPTER TO LOW PRESSURE DROP FILTER

CleanSeal can handle all Camfil Mega-lam Filters MD/MX /MG. Low pressure drop filters can be used either to help maintain pressure cascade or to get energy savings.

7 - INNOVATIVE QUICK GRID FASTENER

Immediate access to filter and control ports thanks to a unique fastener device and hinged diffusion plate. Open it only with a badge or a "credit" card.

Camfil – a global leader in air filters and clean air solutions

For more than half a century, Camfil has been helping people breathe cleaner air. As a leading manufacturer of premium clean air solutions, we provide commercial and industrial systems for air filtration and air pollution control that improve worker and equipment productivity, minimize energy use, and benefit human health and the environment.

We firmly believe that the best solutions for our customers are the best solutions for our planet, too. That's why every step of the way – from design to delivery and across the product life cycle – we consider the impact of what we do on people and on the world around us. Through a fresh approach to problem-solving, innovative design, precise process control and a strong customer focus we aim to conserve more, use less and find better ways – so we can all breathe easier.

The Camfil Group is headquartered in Stockholm, Sweden, and has 30 manufacturing sites, six R&D centres, local sales offices in 30 countries, and 4,500 employees and growing. We proudly serve and support customers in a wide variety of industries and in communities across the world. To discover how Camfil can help you to protect people, processes and the environment.
