

INSTRUCTIONS FOR:

- Airopac
- Black Ridge
- CamGT
- CityCarb
- CitySorb
- Opakair
- Opakfil

STORAGE INSTRUCTIONS

- Store in a dry, clean and frost-protected place
- Do not store filter above 70°C, avoid direct sunlight
- Molecular filters (CityCarb, CitySorb and Black Ridge) contain carbon media and must be kept in a plastic bag and box to avoid exposure to humidity and contamination
- Recommended maximum shelf time for filters containing molecular media is 12 months

HANDLING INSTRUCTIONS

- Filter media is sensitive and should be handled with care
- When unpacking from box: lift filter carefully by the frame and not by the media. When available, follow instructions on box
- Keep filter in box as long as possible before installation to avoid damage

INSTALLATION INSTRUCTIONS

- Make sure media is not torn by sharp edges or details in units
- Add a gasket if needed to avoid leakage

FILTER CHANGE

- Camfil recommends protective equipment like overalls, gloves and face masks
- Always check local regulations before changing filters

MAINTENANCE INSTRUCTIONS

- Filters for one time installation only
- Do not reuse, wash or clean filters
- Used filters should be disposed of in accordance with local regulations
