

ADVANTAGES

- GCX cartridges feature our proprietary Gold Cone™ inner pleat pack. This open-bottomed, inner cone of media greatly increases the usable surface area of cartridges
- The inner cone is configured so that pulsed air is evenly distributed top to bottom along the outer pack of the filter and down through the inner cone pack
- Synthetic beads hold the pleats open and evenly spaced. Open uniform pleats expose more media to the airstream so that more dust is loaded on the filter and then released when pulse-cleaned

Separator	HemiPleat Technology
Installation Options	Gold Cone X-Flo filter cartridges are made exclusively for the Gold Series X-Flo dust collector (GSX), the industry's best-in-class dust collection system. It's built on 20 years of successful performance of our award-winning Gold Series® system. It handles all kinds of toxic and combustible dusts and fumes, including fine, fibrous and heavy dust loads. GSX dust collectors effectively process dust while maintaining a low pressure drop. You get the maximum airflow and dust processing power for any given footprint.
