

ZEPHYR III PORTABLE

Dust collector

ADVANTAGES

- Easy, 360° capture hood positioning
- Plug-n-play: simply supply electrical and compressed air connections
- Manually-activated, venturi-assisted pulse cleaning system
- Portable cleaner for airborne dust and fumes
- Three-stage filtration
- Rollout dust drawer

Application	Welding Grinding Source Capture
Type	Dust collector
Comment	Pulse-Cleaned Portable Dust Collector And Fume Collector: The Zephyr is a portable air cleaner for capturing welding fumes, grinding dusts, dry dusts, soldering fumes, and other airborne particles. It is not suitable for explosive dusts and solvent fumes. Three Stages Of Filtration: Primary Spark Trap Gold Cone® HemiPleat® Carbon after-filter Capacities: The Zephyr has 700 CFM capacity at the capture hood, 1250 CFM free air. It is equipped with large wheels and brakes for ease in moving and positioning. Powder coated surface finish inside and out. Venturi-assisted pulse cleaning. Dust drawer grid minimizes dust re-entrainment. 110/1/60 VAC motor (other voltages available). Thermal overload in motor starter switch.
