

CC 1700 & CC 2500

Versatile air cleaner specially engineered to provide clean indoor air. Especially suitable for these professional segments: Corrosion control, healthcare, comfort, life science, food & beverage.

Air Cleaner CC 1700 & CC 2500
Art. number: 94000085 & 94000086

Accessories/Exchange

OIL & GAS, METAL, PULP AND PAPER (CC 1700) FOR CORROSION CONTROL

- Art. no. 94020065 - Inlet, filter class G4, target containment: PM10, 1 pc per unit
- Art. no. 94020068 - CC CG MS, target containment: Acids, H₂S, SO₂, 15 pcs per unit
- Art. no. 94020074 - CC CG MCI, target containment: Inorganic & organic acids, ozone, 15 pcs per unit
- Art. no. 94020067 - Outlet, filter class E11, target containment: PM_{2.5}, PM₁, nanoparticles, 1 pc per unit

DATA CENTERS (CC 1700)

- Art. no. 94020066 - Inlet, filter class F7, target containment: PM₁₀, PM_{2.5}, PM₁, 1 pc per unit
- Art. no. 94020063 - GigaPleat NXPC MA, target containment: Acids, H₂S, SO₂, ozone, 1 pc per unit
- Art. no. 94020067 - Outlet, filter class E11, target containment: PM₁, nanoparticles, 1 pc per unit
- Art. no. 94020064 - Outlet, filter class H13, target containment: PM₁, nanoparticles, 1 pc per unit (upgrade from E11)

COMFORT (CC 1700) FORMALDEHYDE

- Art. no. 94020066 - Inlet, filter class F7, target containment: PM₁₀, PM_{2.5}, PM₁, 1 pc per unit
- Art. no. 94020075 - CC CG formaldehyde, target containment: Formaldehyde, aldehydes, 15 pcs per unit
- Art. no. 94020062 - CitySorb VOC, target containment: VOC, smells, 1 pc per unit
- Art. no. 94020021 - CC CG VOC, target containment: VOC, smells, 15 pcs per unit (upgrade from CitySorb)
- Art. no. 94020067 - Outlet, filter class E11, target containment: PM₁, nanoparticles, 1 pc per unit

COMFORT (CC 2500)

- Art. no. 94020065 - Inlet, filter class G4, target containment: PM₁₀, 1 pc per unit
- Art. no. 94020061 - CityCarb, target containment: PM_{2.5}, PM₁, VOC, smells, 1 pc per unit
- Art. no. 94020060 - Outlet, filter class E11, target containment: PM₁, nanoparticles, 1 pc per unit
- Art. no. 94020064 - Outlet, filter class H13, target containment: PM₁, nanoparticles, 1 pc per unit (upgrade from E11)
